Unlocking EQ

This is the only course of its kind – ideal for people seeking to incorporate emotional intelligence (EQ) into their work and life.

Immerse yourself in Six Seconds’ unique approach to create value with emotional intelligence and see how this method works for you.

In this course you will...

- Develop a clear “case” for emotional intelligence.
- Explore the Six Seconds Model, a process framework for making emotional intelligence practical.
- Review some of the latest research on the brain, emotions, and performance.
- Clarify your vision and define key goals for your own EQ development.
- Learn to use the TFA Cards to introduce EQ.

Emotional intelligence is the ability to use emotions effectively, and it’s the foundation for life success... and one of the World Economic Forum’s top skills for the 21st Century. This course builds your capacity to develop this core capacity.

The Six Seconds Model of EQ-into-Action begins with three important pursuits: to become more aware (noticing what you do), more intentional (doing what you mean), and more purposeful (doing it for a reason).

This model is both simple and substantive. It’s easy to learn, practical, and action-oriented providing a process framework for putting the science of emotional intelligence into practice.

The course follows this model, however, the focus is on development so those who use other models (e.g., BarOn, Mayer-Salovey, Goleman) are able to apply Six Seconds’ methodology irrespective of theoretical model.

“Very insightful learning and an absolutely great tool for coaching.”

Kevin Herft, Manager, Cabin Services Training, Qatar Airways

Six Seconds' Change MAP, shown above right, provides framework for designing and delivering coaching as a transformational process.

In this course you will...
